GUIDANCE TO UNLICENSED/UNAUTHORIZED FACILITIES
All facilities operating without a valid license are hereby advised to obtain the requisite authorisation from the Atomic Energy Council in accordance with Section 31(1) of the Atomic Energy Act, Cap. 154. Application forms for authorisation, together with detailed guidance on filling them, are available on the Atomic Energy Council website (**www.atomiccouncil.go.ug**). The duly filled and signed application forms may be submitted either in hard copy to the physical offices of the Atomic Energy Council or electronically via email to **admin@atomiccouncil.go.ug**.

GUIDANCE TO MEMBERS OF THE PUBLIC
Members of the public are advised to seek services only from facilities that are duly authorised by the Atomic Energy Council, since such facilities have demonstrated compliance with the minimum radiation safety requirements to provide radiation protection. The public is requested to notify Atomic Energy Council of; the facilities operating radiation emitting

devices without a valid license from Atomic Energy Council; any suspected or confirmed abandoned radioactive sources; suspicious devices bearing radiation warning signs; and improper disposal of radioactive materials. Such notifications should be made using the telephone number +256 417 101700 or the emergency toll-free line 0800 100 488.

We also encourage members of the public to remain vigilant and to promptly report any suspected unlicensed operations or abandoned radioactive sources. Your cooperation strengthens national safety and protects future generations. Together, through shared responsibility and adherence to regulatory standards, we can ensure that nuclear technologies continue to serve Uganda's developments safely and responsibly.
